

Sakigake High Alpha - Japan Thematic Growth

FACTSHEET as of the end of June 2025

This is a marketing communication. Please refer to the prospectus of the Fund and to the key information document ("KID") and do not base any final investment decision on this communication alone. Your Capital is at risk. Past performance does not predict future returns. The decision to invest in the Fund should take into account all the characteristics or objective of the Fund as described in its Prospectus. The Fund's return may increase or decrease as a result of changes to investment performance as well as changes to foreign exchange rates.

PORTFOLIO OVERVIEW

The fund aims to generate consistent excess returns against the benchmark over the mid-to-long term. The portfolio invests mainly in mid-to-large cap equities with growth potential which benefit from structural changes in society and industries with a concentrated portfolio. We construct a portfolio by employing two approaches to stock selection: a thematic approach and a bottom-up approach.
